                  G
I saw you in your red car today,
          Em7
Wondering how you looked okay
        Cadd9
And you seem to be fine,
        Cadd9
And you seem to be blind
        D               D/F#
To this broken heart of mine

       G
Theres pieces all over the place,
                Em7
Memories of you I cant erase,
          Cadd9
Yeah, Iâ€™m dyin inside,

And I donâ€™t know how to hide
D
Believe me, I tried

Em7                  G
Maybe if you knew my pain,
D                        Cadd9
Maybe you would feel the same,
Em7                 G
Maybe you d cry my name,
D                     D/F#
Every time I walked away

Cadd9                   G    D      Em7    Cadd9
Would you, could you, have trouble fallin  asleep,
Am                        C
If you knew what Iâ€™m goin through
            Em7                    G
If I could only switch hearts with you,
G                            Cadd9
Switch hearts, switch hearts with you
G                            Cadd9
Switch hearts, switch hearts with you

If you saw me in my white car today,
                            Em7
Would you tell me that you thought I looked okay?
          Cadd9
Cause Iâ€™m not doin fine
        Cadd9
And you seem to be blind
        D
To this broken heart of mine,

Em7                  G
Maybe if you knew my pain,
D                        Cadd9
Maybe you would feel the same,
Em7                 G
Maybe you d cry my name,
D                      D/F#
Every time I walked away

Cadd9                    G    D      Em7    Cadd9
Would you, could you, have trouble fallin  asleep,
Am                        C
If you knew what Iâ€™m goin through
            Em7                    G
If I could only switch hearts with you,
G                            Cadd9
Switch hearts, switch hearts with you

Am
Only then could you see my point of view,
Em
Only then could you see my shade of blue,
Am         Em         D
Only then, only then, only then,

CEm7                 G
Maybe if you knew my pain,
D                        Cadd9
Maybe you would feel the same,
Em7                 G
