  Bm              G
A pilgrim at the grey of dawn
  Bm                    G
Leaving in the mist of morning
Bm                 F#
On his journey of goodness
Bm            F#
Heaven sent, God blessed

C#m
Pilgrim laughing at the world
Spreading joy
At the touch of his hand
                    G#
Wiping out all the misery

```
Bm               F#
Those of us who don t know war
Bm                   E
We shouldn t try to make it

So many did and even more died

Love lies waiting at my back door
C#m                F#
Such a beautiful matter of fact

Life s like an apple with love as the core

```
       G#m
Just a man in my prime
         E
Love was there
            Eb
But I had no time
      G#
I was cheered and adored
              E
And I thought fame
            Eb
Was all the world
```

Battles won and victory cheers
Were the sounds
I d heard for years
But the women I really loved
Was losing me
To all this blood

I only knew I had to win
And build a world
Where I was king
But leaders come and leaders go
And that s the truth
I came to know

Love or war I couldn t choose
And so both
I had to lose
