Still Life
Men At Work

Still Life by Men at Work
from Two Hearts (album) 1985

Capo 1st Fret

Intro: **E G Am E C**

```
E                  Bm              E    Bm
There s a picture in the hall, I know
E               Bm                   E     Bm
and it s from a time when feelings showed
D                        C
though I hold it close before my eyes
D                    C
my heart refuses to see.

C                           Bm
Loving you could have been, oh so easy
D                                  C
but there is something you don t understand
                                  Bm
through the times when two were one completely
D                           C
there was another in this well laid plan.

E                       Bm                E    Bm
This corridor seems to stretch for years ahead
E                       Bm                     E    Bm
but patient hearts cannot match times steady tread
D                        C
is this the threshold of a fantasy?
D                     C
is there still life at all?

C                          Bm
Loving you could have been, oh so easy
D                                   C
but there is something you don t understand
                                  Bm
through the times when two were one completely
D                                  C
there was another in this well laid plan... Best laid plan of ours.

D                    Am
Watering the garden, some comfort for the twilight years
       C        D         C
still, life never lingers, it marches past our veil of tears
```

```
                           D
a moment s all we ve got, to have and to hold
Am                                            D - E
don t slip, don t blink, don t turn your head.

E           Bm       E     Bm
With a photographic memory
E                  Bm                  E   Bm
I could live in a time that used to be
D                          C
is this the threshold of a fantasy?
D                      C
is there still life at all?

C                          Bm
Loving you could have been, oh so easy
D                                  C
but there is something you don t understand
                                 Bm
through the times when two were one completely
D                             C
there was another in this well laid plan.

C                          Bm
Loving you could have been, oh so easy
D                                C
but there is something you don t understand
                               Bm
there was a time when I was won completely
D                          C
our emotions they got out of hand...
```
