**Bawnafinny Hill**
**Mick Flannery**

This song is only available off iTunes when you buy the whole Red to Blue album, there are
three bonus tracks and this is one of them I would recommend buying the album off iTunes
for the sake of getting the three extra tracks cause they are brilliant.

He pick s this song on his acoustic guitar but there s nothing complicated about it so
i ll just put the chords down, if you listen to it you ll get the rhythm.

Verse:

```
    E                        B
I m gonna put a house up on Bawnafinny Hill,
  A                            B              E
I won t have no telephone and I won t pay no bill.
    E                        B
I m gonna gaze across on the graveyard field,
    A                                B             E
And I might take you walking by the old abandoned mill.

    B                 E      (Eb)
And only my very best friend,
        G#m                 A
Will be able to get past my dog.
```

Chorus:

```
   F#m
So give me my, give me my,
F#m                            E     E
Give me my money, I wanna get on-n, on-n.
```

Verse:

Well i ve been a rover and I will always be,
I never found nowhere to feel like home to me.

I m gonna see the sun rise in every foreign land,
And I will be moving before it sets again.

And only my very best friend,
Will I allow to tag along.

Chorus:

So give me my, give me my,
Give me my money, I wanna get on-n, on-n.
Oh life is so, no one knows,
How it will go on, till it s gone-n, gone-n.

Link: (previous chorus chords)

Chorus:

So give me my, give me my,
