Let me sleep

```
A                   D       A
Walk me through the blindin  snow,
                   D        A
Take me where the sun won t go-o
C#m             F#m    A
Shallow waters never flow
D            E
Slowly to the sea

Walk me through the dry hot sand,
Steal my cup but fill my hand
Leave me where the valley can
Rock my soul back to sleep

F#m                C#m                F#m         C#m
Where the mighty winds lie still, ever silence on the hill
D             A               D               E
Cradled by the mountain til the Father welcomes me

And lay me down in the verdent green
At the breast of the mother spring
F#m                C#m         D              E
With a song that I can sing one that I can keep
       F#m
Let me sleep
```
