Pick Up Off The Floor
MIKA

```
Am              Dm
There s a girl, thought she knew,
Am                Dm
What her life was going to do,
Am                 Dm                          E
Then she goes, and falls in love and throws it all away.

Am           Dm
But her man, can t decide,
Am               Dm
If he s made the right choice in life,
Am           Dm                       E
So she comes home on day to find he s gone away.

         A                  D
Put your heart back in your pocket,
          G               C
Pick your love up off the floor
          A                 D
When your momma says you re stopping,
    G                     C
But girl, let me tell you more:
        A     D
If he s 95 or 22,
  G                        C
A boy s gonna do what he s gonna do,
        A                 D
He says he don t love you anymore,
   G               C
So pick up off the floor.
