

Safety Pin

5 Seconds Of Summer

E **A**
Runaways, we re the long lost children

C#m **B**
Running to the edge of the world

E **A**
Everybody wants to throw us away

C#m **B**
Broken boy meets broken girl

E **A**
You said you tried it all before

C#m **B**
And it only makes it worse

C#m **A**
Oh but this time, maybe this time

A
Two wrongs makes a right

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

E **B** **C#m** **A**
Patching up all the holes until we both feel much better

E **B** **C#m** **A**
Deleted things are really dead, so now I ll say the things I never said

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

E **A**
Throwing rocks at your broken window

C#m **B**
Only you can cure my sickness

E **A**
Raise ourselves to the middle finger

C#m **B**
Cause they all think we re twisted

E **A**
Once I got a little taste

C#m **B**
Now I m addicted to your fix

C#m **A**
Oh yeah this time, maybe this time

A
Two wrongs make it right

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

E **B** **C#m** **A**
Patching up all the holes until we both feel much better

E **B** **C#m** **A**
Deleted things are really dead, so now I ll say the things I never said

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

(**E B C#m A**)

C#m **A** **E** **B**
(No more waiting, we can save us from falling)

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A**
This time, maybe this time

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

E **B** **C#m** **A**
Patching up all the holes until we both feel much better

E **B** **C#m** **A**
Deleted things are really dead, so now I ll say the things I never said

E **B** **C#m** **A**
We ll safety pin, the pieces of our broken hearts back together

C#m **A** **E** **B**
No more waiting, we can save us from falling

C#m **A** **E** **B**
No more waiting, we can save us from falling

No more waiting, we can save us from falling

No more waiting, we can save us from falling
