[Verse 1]

```
                    D
You re music to my eyes
                      Em          F#m
I had to listen just to find you
           Em                        A
I like for you to let me sing along
                       D      A
Give you a rhythm you feel

                           D
I wanna learn your every line
                  Em           F#m
I wanna fill your empty spaces
       Fm Em                                  A
I want to play the part to reach your heart
                           D      A
Sing you a song that you feel
```

[Pre-Chorus]

```
D                      A6
Love let your music be mine
                  G
Sing while I harmonize
                  Em
Let your melodies fly in my direction
D                   A6
Take me to your paradise
             G
On a musical ride
                       Em            A
I m in love with your music baby
                    D
You re music to my eyes
```

[Verse 2]

```
                     D
Your voice is quite a view
                   Em              F#m
I heard a song and then I saw you
              Em                              A
I learned the lyrics and knew you were mine
                       D      A
Dance the horizon with you

                       D
I wanna sing you a sunrise
                  A                  F#m
And be the dawn I know will move you
         Fm Em                           A
I d like to be the strings on your guitar
                            D       A
Touch me and play what you feel
```

[Pre-Chorus]

```
D                      A6
Love let your music be mine
                  G
Sing while I harmonize
                  Em
Let your melodies fly in my direction
D                   A6
Take me to your paradise
             G
On a musical ride
                      Em         A
I m in love with your music baby
