

**Story Of Another Us**  
**5 Seconds Of Summer**

Verse 1: (Calum)

**D**

Play the scene over again,

**D**

Before the credits rolling in

**G** **D**

Inside my head

**D**

I don't recall a single word,

**D**

They hit me faster than I heard

**G** **D**

Inside my head

Pre-Chorus: (Luke)

**A**

And now I'm shaking, wearing thin

**Bm**

I've always wondered where you've been

**G**

Tell me if you wanted it at all

Chorus: (All)

**D**

I got a long term plan with short term fixes

**G**

And a wasted heart that just eclipses

**Bm**

**G**

And I push my luck from trust to dust enough

**A**

That's the story of another us

**D**

One last ditch a new beginning

**G**

So take this heart, put yourself in it

**Bm**

**G**

This surprise ending I'm depending on

**A**

Could be the story of another us

**D**

The story of another us

**G**

The story of another us

**Bm**

The story of another us

**G** **A**

Could be the story of another us

A sequel to what we ve begun

**G**

I m hanging by a thread

Pre-Chorus: (Luke)

**A**

And now before our hope is lost

My heart is here it s such a cause

Tell me if you wanted it at all

Chorus: (All)

**D**

I got a long term plan with short term fixes

**G**

And a wasted heart that just eclipses
