Family Guy - Water
Misc Television

Capo 2nd fret
Fingerpick these chords, the fingerpicking seems kind of tricky

```
E                           A                   E        A
This is a song i wrote last summer, its called, water.
           E       A
My hair is growing,
                E       A
growing all the time
         E              A
Look how sensitive i am,
                     B     A
cause my voice is so fine
      E                    A
Every beer i ve ever had,
                       E    A
is on a shelf above my bed
B                      A
And sometimes i put my speakers
              E
facing out my window
```
