Clouds
Zach Sobiech

[Intro]
F Am Dm Bb x2

[Verse]
```
            F
Well I fell down, down, down
          Am
Into this dark and lonely hole
          Dm                      Bb
There was no one there to care about me anymore
      F               Am                           Dm
And I needed a way to climb and grab a hold of the edge
                        Bb
You were sitting there holding a rope.
```

[Chorus]
```
             F
And we ll go up, up, up
         Am
But I ll fly a little higher
         Dm                           Bb
We ll go up in the clouds because the view is a little nicer
   F       Am
Up here my dear
            Dm                    Bb
It won t be long now, it won t be long now.
```

[Verse]
```
           F
When I get back on land
          Am
Well I ll never get my chance
   Dm                      Bb
Be ready to live and it ll be ripped right out of my hands
F                   Am
Maybe someday we ll take a little ride
         Dm                  Bb
We ll go up, up, up and everything will be just fine.
```

[Chorus]
```
             F
And we ll go up, up, up
         Am
But I ll fly a little higher
         Dm                           Bb
We ll go up in the clouds because the view is a little nicer
   F       Am
```

Up here my dear
