5 Seconds Of Summer

C

I ll take what you got, got, got

C/B

I know it s not a lot, lot, lot

F

You re the thing that I can t quit

C

You got what I want, want, want

C/B

Here and then you re gone, gone, gone

F

If you told me that we were through

You know that I would break the truce

C

I want to breathe you in like you re vapour

Am

I want to be the one you remember

G

I want to feel your love like the weather

F

All over me, all over me

C

I want to print our hands in the pavement

Am

Savour your words, I won t ever waste them

G

Look in your eyes and know just what you miss

F

So lie to me, just lie to me

C

So talk, talk, talk

C/B

Well tell me what I want, want, want

F

If I don t look into your eyes

It s almost like a perfect line

C

So don t stop, stop, stop

C/B

Well take another shot, shot, shot

Cause you know you got perfect aim

I wanna feel you in my veins
