

Woke Up In Japan
5 Seconds Of Summer

 C Em
I woke up in Japan
 Am G
Feeling low, feeling lonely
 C Em
The best I ever had
 Am G
It was more than half empty

It was more than just a neon weekend
 Am G
Light slipping through the third floor curtain
 C Em Am G
Spreading love like the morning news from the day before

C Em
Falling fast, breathing slow
Am G C Em
Time is up, the end is just a dream
