Sellout
Never Shout Never

This is probobly the simplest way to play this song, maybe not the most accurate.

For each chord pluck the A string and then strum down on the D,G,B and high e string.

```
D
Who the hell have i been kidding?
Bm
I sold my soul to the corporation,
D
They know me better than I know myself,
Bm
I better shut it up, i better shut this up,
D
You got a problem with the way i think,
Bm,
I got a problem with the way you think
              D
that you can program me like a damned machine
          Bm
I m gonna take a stand and say fuck this scene.

D                              Bm
I m sick of imagery instead of artistry,
D                             Bm
I m sick of apathy instead of harmony,
D
I m sick of poets working part time jobs,
Bm
While pissy people pick and choose the stars,
D                                Bm
I know that i should be the last one to speak
       D                                  Bm
about this but even sellouts have they re dreams,
              D
Set the music free,

D                 Bm
Ba da da da da da, da da da da da
C           (walk up to) Am
Ba da da da da, a da da da da whoa aho oh

D                              Bm
```

what the hell was i trying to prove?
D
ran away so young now on the move,

like a vandal i wear my mask,
Bm **D**
So all you punks back home you can kiss my ass,
Bm
cause a gotta feeling deep down inside my soul,
D
that s taken three whole years to gain control,
Bm
And i ain t never, no never, no, never, no never, no never,
