Leave My Guitar Alone
Noel Gallagher?s High Flying Birds

Noel Gallaghers High Flying Birds
Leave my guitar alone

from the new album, (noel is not fond of capo s so this can be transposed)

Verse one

```
                        D       D7
You took off in the car
                        G       E
With my electric guitar
                                A7
And it didn t come as no surprise
                                G
Even though you ve got angel eyes
                        D  G6 D
You won t get very far
```

Verse two

```
                          D       D7
You took all of my clothes
                        G       E
You took my poems and prose
                              A7
Took away my favourite show
                                G
But you didnâ??t even really know
                        D       G6       D
So thatâ??s alright i suppose
```

Chorus:

```
E
Take what you need
                G
But just leave
                D       D7
My guitar aloneâ?¦
                E
Donâ??t make me plead
        A7
Just leave me on my own
```

Bridge x 2
G D E D D7

Chorus:

```
E
Take what you need
                G
But just leave
                D       D7
My guitar alone
                E
Donâ??t make me plead
        A7
Just leave me on my own
```

verse 3

```
                        D       D7
You took off in the car
                        G       E
With my electric guitar
                                A7
And it didn t come as no surprise
                                G
Even though you ve got angel eyes
                        D       G6       D
You won t get very far
```
