No Easy Way Down
Norah Jones

```
C                     Em            Dm   G
Your toy balloon has sailed in the sky, love
C               Em          F
But now it must fall to the ground
         C          F             C         F
And your sad eyes reveal just how badly you feel
    C     Em F  Dm       G
And there is no easy way down

The view from the cliffs must have been exciting
And up to the peaks you were bound
Now you re stranded alone and the path is unknown
    C     Em F  Dm       A
And there is no easy way down

C                  Bb   C                                    Bb
No, it isn t very easy when you find yourself out on your own
C                   Bb                      C                    Bb
Hey, it isn t very easy when each road you take is one more mistake
                       C         Bb                      G
And there s no-one to break you fall and leads you back home

We all like to fly to the heights, love
Where our fantasy worlds can be found
You must know it s the end when it s time to descend
And there is no easy way down
And there is no easy way down
```
