Jennifer Louise
Of Montreal

Into (same as verse) **B-D#-G#m-C#-E-B-F#**

```
B           D#            G#m               C#
Jennifer Louise you donâ€™t know me but weâ€™re cousins
E                    B            F#
your mamamama and my mamamama are sisters
B           D#            G#m                     C#
Jennifer Louise I havenâ€™t seen you since I was a kid
                          E
when my family spent the weekend at your house
                B                                 F#
and your father helped when my eyelashes stuck together

   E                E
My mom told me that now
               B
youâ€™re a young professional
       F#                 E
living with a significant someone

B          D#               G#m               C#
Jennifer Louise we know so little about each other
              E
Iâ€™ll probably never call you up,
            B                    F#
write you a letter or see you in person
          B        D#                G#m
Basically Jennifer Louise you donâ€™t know me
              C#
and weâ€™re not friends
               E         B
But I was just wondering about you
                 F#          B
wondering if you ever think about me
```
