Okay, say it loud, say it proud, you want it more

E

We open door, hit the couch, then the floor

A

I cut it up, like a scissor, love galore

D

She never bored, there s so much shit we can do

Bm7

You free to say whatever, baby, if you askin me

E

No limit when I m in it, got a Master P

E6

I m hoping I don t have a fast release

A6

Got me focused like I m out here tryna get my Masters C, mm

Bm

E

Throwin up the peace sign, mm

A

[Verse 3: J. Cole]

Bm I m lovin your light, vulnerable **E**
A
Lettin your guard down, it s honorable
D
Specially when the past ain t been that
Friendly to you but there s magic in that
Bm
You the flower that I gotta protect
E
To keep alive in the winter time, aye, don t you die yet
A
You been way more than a friend of mine, we more like fam
D
I raise you, you raise me, let s turn this whole life round
Bm
You can confide in me
E
I could take the weight up off your shoulder blades
A
And try to store the pain inside of me
Like why the world do you like that?
D
Like they don t know you God-sent, but me, I view you like that
Bm
I m sneakin glances thankin God that he drew you like that
E
Beautiful black child, come and share your black cloud
A
For your vibe and your smile, I don t mind a lil rain
D
I m your dog, ears perk up at the sound of your name
Bm
Count on your main, wildfire, can t handle your flame
E
Download your strain, wild high, come drown in your fragrance
A
You that red pill that a nigga found in the Matrix
D
Before I had you this shit was fantasy
Bm
You plant a seed to grow some roots, a branch and leaves
E **A**
Becomes a tree of life until our nights are filled
With peace from stress and strife
D
And that s the blessing that I get from wifing you
Bm
Cause you entrust in me with the key to your heart
E

Beating you smart

Cause even though I need a new start

A

Due to my past transgressions, you believed in me

D

Bm

I guess the light I see in you is what you see in me, Lord

[Pre-Chorus: J. Cole]

E

Say she from the west side, mmmm

A

D

And she seen my best side, mmmm, mmm

[Chorus: 6LACK]

Bm

Now I just wanna know

E

Don t you sugarcoat

A

D

I ll say it all if you won t

Bm

Now could you tell me like it is?
