Intro: **C#**, **Bbm**, **G#m**

```
        C#
Are we okay
                Bbm
In this tug of war?
            G#m
My head s tellin  me it could be time to leave now

               C#
I ve drawn a blank
                Bbm
Like my body and soul
    G#m
Has retreated into space - somehow
```

[Music] **C#**, **Bbm**, **G#m**

```
               C#
And we ll all do
              Bbm
What we ve got to do
                G#m
On this small planet I ll be sure to see you everywhere

                  C#
You stirred my blood
                          Bbm
And you broke my bones
          G#m
But never once did you fail to warn me
```

[Chorus]

```
G#                            F#
If there s one thing in this life I know for sure
G#
It s when I m nervous
F#
You gave me strength when I needed more
G#                            F#
Feet give me purpose but don t take me anywhere
G#                                        F#
They say if you ve nothin  to hide
                            C#
You ve got nothin  to fear

And I m conscious I m well out of my depth

                         C#
We could push and pull
                     Bbm
If that s what you wanna do
              G#m
We might be grounded but the floor is still recedin

They say if you ve nothin  to hide
                             C#
You ve got nothin  to fear
           Bbm           G#m
You ve got nothin  to fear
