Origin

Intro: no vocals
Eb Bb G# G# (2X then break and then again)

Verse 1: play 2X without vocals
Cm Cm G#m Bb

Tied, caught in the braces of reason
twisting my ends as I see them
living for somebody else...
Well I kicked and I cried and I screamed out
but now I m the one who s been left out
living for somebody else.

Chorus:
Eb Bb G# G#

I try to look beyond it all
but everyday inside I fall
why I can t I set my sails free...
My ship was meant to sail the seas
with no one making waves but me
Why can t I set my sails free...
Set sails free.

Verse 2: play verse chords 1X without vocals
Thoughts, repressed, distressed and abandoned
hopes from the past never landing
living for somebody else...
Well I can break the misakes and affliction
 cause making it through is my addiction
living for somebody else.

Chorus

Interlude: solo on guitar over verse chords - 16 X
Cm Cm G#m Bb

Verse 3: straight into verse from interlude
Too many times
I ve been locked out in the cold...
stuck in the dark with my tongue ripped out and sold...
too many times I ve been pushed out in the rain...
stuck with the men who lost what they had in vain...
I m sick
sick in the heart, I m sick
sick in the heart, I m sick
sick in the heart, i m sick

sick in the heart

Chorus
End on Bm
