Livin life dealin you ve got feathers in your head
Pack up your home, pack it up and take your bed
Now that i can see you re nothing but trouble
You slept like an angel, woke like a devil
The history of my future s like a picture of my past
It s elastic, you can stretch it, and i snap
I wanna believe, i wanna believe, i wanna believe
I wanna believe but i m having trouble
You slept like an angel, woke like a devil
If
If your gonna lie
Lie down
Down next to me
Don t lie to me
If your gonna lie down next to me don t lie to me
If your gonna lie on top of me don t lie to me
(scream)
So don t talk about a feeling you will never understand
Just pack it up and leave and take the rings from my hand
I wanna believe, i wanna believe, i wanna believe
I wanna believe but i m having trouble
I slept like an angel, woke like a devil
