Keep On Walking chord
Passenger *

```
E
Last night I couldnâ€™t sleep
                     A
I got up and started walking
E
Down to the end of my street
            B
And on into town
        E
Where I had no one to meet
                       A      Am
And I had no taste for talking
          E
Seems Iâ€™m talking my whole life
     B               E
Itâ€™s time I listened now

        E
Well, I walked past the late night boys
                             A
With their bottles in their doorways
      E
And I walked past the business men
                              B
Sleeping like babies in their cars
      E
And I thought to myself for some
                                   A  Am
You may be lost in more ways then one
           E
But Iâ€™ve a feeling that itâ€™s more fun
             B                 E
Then knowing exactly where you are

E          A
And like a storm
```

```
               E
Carried on the river
           A
And like a boat
               B
Sailing on the sea
              E
And I keep on walking
              A     Am
Oh, I keep on walking
       E             A                Am
Till I find that old love or that old love
B        E
Comes to find me

  E
I walked into the morning
                                       A
Felt the warm sunlight forming on my shoulders
         E
Cause it hit me with no warning

Like a summer sky a storming
      B
In my lungs
         E
Ainâ€™t it funny how the kids walk by
                                          A   Am
Doing anything to make themselves look older
          E
While the women spend their money on
B                             E
Anything that makes them look young

E          A
And like a storm
               E
Carried on the river
           A
And like a boat
               B
Sailing on the sea
              E
And I keep on walking
              A     Am
Oh, I keep on walking
       E             A                Am
Till I find that old love or that old love
B        E
Comes to find me

E        A
Oh, Lord Lord
```

```
         E
Oh, Lord Lord
         A
Oh, Lord Lord
        B
Oh, Lord Lord

E          A
And like a storm
               E
Carried on the river
           A
And like a boat
               B
Sailing on the sea
              E
And I keep on walking
              A     Am
Oh, I keep on walking
       E                           A
Till I find that old love or that old love
B        E
Comes to find me

       E                           A
Till I find that old love or that old love
B        E
Comes to find me
```
