TUNING: Standard (E A D G B e)

G - **Em** - **C** (2x)

```
           G
Id rather stand on the edge of a cliff
    Em
And hang my toes over a bit,
         C
And then jump when they dare me,
D                          G
Even if it scares me and I get hurt.
           G
Id rather build my wings on the way down,
      Em
Do my best not to fall to the ground
         C
and then laugh at my mistakes
     D                        G
cause theyre only lessons Ill learn
```

Chorus:

```
           C                D
Id rather burn with desire deep in my soul,
    G                      Em
And love like a fire thats out of control,
    C                  D
and laugh and dance and fall
               G    D
and chance and kiss
           C
Id rather live my whole life
       D
with a sense of abandon,
G
Squeeze every drop out,
   Em
no matter what happens.
    C                  D
And not wonder what Ive missed
           Em  D/F# G
Id rather             risk.
```

```
       G
```

```
Well I guess I could just play it safe
    Em           D              C     G
and forget about love, hope and faith,
          C
with my eye on the shore line,
D                         G
keeping my boat tied and staying home,
             G
ohhh but Ill never discover new land
   Em
by keeping my feet on the sand
      C
No Id rather set sail
        D                   G
and get carried away by the storm.

Chorus:
           C                D
Id rather burn with desire deep in my soul,
    G                      Em
And love like a fire thats out of control,
    C                   D
and laugh and dance and fall
               G    D
and chance and kiss
           C
Id rather live my whole life
       D
with a sense of abandon,
G
Squeeze every drop out,
   Em
no matter what happens.
    C                   D
And not wonder what Ive missed
           Em  D/F# G        Em  D/F# G
Id rather             risk.
                     Em  D/F# G
I would rather risk

           C                D
Id rather burn with desire deep in my soul,
    G                      Em
And love like a fire thats out of control,
   C
Id live my whole life
       D
with a sense of abandon,
G
Squeeze every drop out,
```

```
   Em
no matter what happens.
    C                   D
And not wonder what Ive missed
Em   D/F#      G

    D         G
The chance to risk

     G         D        C         D         Em       C          D
