But I don t want no other baby but you,
E                   A
I don t want no other baby but you,
E              B        A
cause no other baby can thrill me like you do.

E                   A
Got a little woman, lives across the hall,
E                     A
I got a little woman, she lives across the hall
E              B       A
and most every evening she s asking me to call.

E                   A
But I don t want no other baby but you,
E               A
I don t want no other baby but you,
E              B        A
cause no other baby can thrill me like you do.

E                 A
But lots of other women say be my daddy do, yeah,
E                   A
lots of other women say be my daddy do,
E               B               A
but I tell them I don t want no other baby like you.

E                       A
I said, I don t want no other baby but you,
E               A
I don t want no other baby but you,
E              B        A
cause no other baby can thrill me like you do.
