

Slow Chorus Overlap 88 Fingers Louie

Hey, found only one other partial tab of this on the internet and thought it deserved a full work up because this song is awesome.

It s in standard tuning, pretty much all the chords are standard five chords. I

can t decide if the verse has Ab5 s and Db5 s in it or if it is Ab/A5 and Db/D5 (pictured below) - I ll leave that up to you. I get a little lost in the bridge

because I m transcribing on an acoustic and so I can t quite get the sound to match the way I want it to, I welcome comments on that bit.

Ab5 vs Ab/A5

```
e|-----|
B|-----|
G|-----|
D|-6--7|
A|-6--7|
E|-4--4|  THE CHOICE IS YOURS AND YOURS ALONE!
```
