[Verse 1]

Wakin up to the sounds of you lovin me
Love in the shower, and on the counter, and on the table
You know how to throw down and that s everything
Coffee and waffles, eggs with the toast
Am
I love it when you do the most

[Pre-Chorus]

You like to act up when we don t spend time
Smacking your lips, yeah yeah
Throwin those fits, yeah yeah
You like to act up, when we dont spend time
Smacking your lips, yeah yeah
Am
But I love a little trip

[Chorus]

If I got plans then you got plans

Tell your hatin ass mans that you got a girlfriend
If I got plans then you got plans
If I got plans then you got plans
