**Come To The River**
**Rhett Walker Band**

CAPO 2

[Intro]
**C Am C Am**

[Verse 1]
```
    C                        Am
I m torn between myself and your truth
             C                     Am
These cursed memories, forever seeping through
      F                                  C
Oh my thirst for myself left me wanting more
     F                                 Am
Till I found myself face down on your shore
```

[Chorus]
```
                     G
You say Come to the river
                     Dm
OH AND Lay yourself down
                  C
Let your heart be found
                     G
You say come to the river
                      Dm
Drink from the cup I pour
              Am
And thirst no more
```

[Verse 2]
```
   C                      Am
My restless heart, led me astray
       C                             Am
To my selfish pride, I became my own slave
                 F                              C
But you placed a thirst in me, with no drink in sight
              F                           Am
Cause I could not see, till I saw through your eyes
```

[Chorus]
```
                     G
You say Come to the river
                     Dm
OH AND Lay yourself down
                  C
Let your heart be found
                     G
```

```
You say come to the river
                      Dm
Drink from the cup I pour
              Am
And thirst no more

[Instrumental]
Am Em F Dm Am Am

[Outro]
                    G
You say Come to the river
                    Dm
OH AND Lay yourself down
                  C
Let your heart be found
                    G
You say Come to the river
                    F
OH AND Lay yourself down
                  C
Let your heart be found
                    G
You say come to the river
                     F
Drink from the cup I pour
                 C
Oh and thirst no more
                    G
You say Come to the river
              Am
And thirst no more
                    G
You say Come to the river
              C
And thirst no more
```

Suggestions:
Play **F** chord without the 1st string, i.e. (13321x)
For the verses do not play the 1st sting for any of the chords.
