

Song For The Leftovers

A Camp

(intro) **F# F#maj7 F#7 Bm**

F# F#maj7
The night s on the edge now
F#7 Bm
Hanging low against the tide
F# F#maj7
The world is at it s best now
G#m C#
When the loveless ones collide

B F#
It s a long night
B C#
A beautiful night
B C# F#
And we re the first leftovers of the night

I m thinking bout the last times
And the people I had to hurt
I wonder why they couldn t touch
And why I never gave it up

You weren t hard to find
You didn t run and hide
B C# G#m
We were the first leftovers of the night
C# E C#
Hide of the night

The silence is a burden
When you don t really want to talk
I m trying really hard now
To set alight my sleepy heart

We made a pretty sight
It seems we ve found some pride
B C# G#m
In being the first leftovers of the night
C# G#m C#
Hide of the night i-ight
E C#
And everything is alright now
E C#
Everything is alright now
E A D B C#
Everything is alright

You re not what I was after
But I m happy with what I found
To dream of new beginnings
When the end is all around

B F#

I think you re alright

B C#

You qualify

B C#

For being my supernova

B F#

It s a gambling life

B C#

A lonely strife

B C# B

But I think we re the best leftovers of the night

C# B C#

Hide of the night hi-hide

G#m C#

And everything is alright now

G#m C#

Oh everything is alright now

Bm F#

Everything is alright.
