Self-Righteous Wall - Ryan Bingham - Junky Star
Standard Tuning

Intro: **Bm A D G** x4

Bm A
Bettinâ€™ on another long shot
D G
Cause the sure shotâ€™s done passed
Bm A
You walk along straight and narrow
D G
But youâ€™re barefoot in broken glass

You sleep a lot where the sunlight
Stays locked up in a hole
You canâ€™t stand to let the light in
Cause your heart may wanna roam

A D
Youâ€™re tellin me
A G
Iâ€™ve lost it all
A D
Youâ€™re tellin me
A G
Iâ€™ve hit the wall

Your eyes melt to the windshield
As your soul runs on tired
Swervinâ€™ on the bad side of luck
Waitin on a sign of sunrise

You canâ€™t help but wonder
How you lost all control
I guess you just couldnâ€™t keep up
With the wild horse that you stole

Youâ€™re tellin me
Iâ€™ve lost it all
Youâ€™re tellin me
Iâ€™ve hit the wall

You set yourself on the back steps
And you feel yourself grow old
Your gray hair start runninâ€™ back
To a place you left so cold

Well, put yourself another piece of wood
On the fire down below
Cause you can bet itâ€™s gonna be hot
When you get to where you gonna go

Youâ€™re tellin me
Iâ€™ve lost it all
Youâ€™re tellin me
Iâ€™ve hit the wall
