Gonna Get Over You
Sara Bareilles

```
C
Goodbye, Should be sayin  that to you by now, shouldn t I?
                      C C/B Am
Layin  down the law that I live by,
                        C
Though maybe next time

C
I ve got a thick tongue,
Brimming with the words that go unsung
                C C/B Am
Simmer then the burn for a someone,
        Bb
A wrong one

        F                                       G
And I tell myself to let the story end,
        Em                              Am
My heart will rest in someone else s hand
        F                              G
My  why not me?  philosophy began,

And I say

Refrão:
C                                       Am
Ooh, how m I gonna get over you?
                F                       G
I ll be alright, just not tonight
C                                       Am
Someday, oh I wish you d want me to stay
                F                       G
I ll be alright, just not tonight,
C
Someday

C
Maybe is a vicious little word that can slay me
                        C C/B Am
Keep me when I m hurting and make me,
C
Hang from your hands

C
Well, no more, I won t beg to buy a shot at your back door
                        C C/B Am
```

If I make it at the thought of you, what for?
