F#                G#m
Me on clouds a light line breeze
B               F#
Rose wine - honey we ve come clean
Ebm          G#m
Somehow we found our song
B                            F#
You play the black, I play the white keys
F#                   G#m
The night falls to hush the voice
B                F#
Purple flowers shadows and turquoise
Ebm            G#m
My satellite circles your sun
B                    F#
Finding answers in the right noise

G#m7                       C#m
Waking up is beautiful - when I am with you
       B                        C#m7
And I wander yes I wander - wisely that you choose
G#m7                       C#m
Everything is beautiful - heaven for a fool
       B                        C#m7
And I wander girl I wander - wisely that you choose

F# (4x)

F#                  G#m
I never thought, I d be like this
B                            F#
In the palm of your hand - happily speechless
Ebm                            G#m
You wear my shirt and just a devil smile
B                         F#
Bringing Mars closer to Venus
F#                 G#m
Late that night, I watch you sleep
B                       F#
You saved my life, when no one believed
Ebm                        G#m
You gave up Diamonds for a Rolling  Stone
B                    F#
Now I know what it means to be home.

E7 (until the end of this part)
Without you I surly lose my weight
You come and get me out when Iâ€™m dizzy in the haze
Iâ€™m having no doubts - so proud, I shout it all around it s you babe
You turn my wall around, you quiet underestimate the height of my flight
I might be drifting out of sight so hold on to me
Slap me pinch me, tell me itâ€™s not a dream now
Soak me trench me in honey and cream

G#m7 **C#m**
Waking up is beautiful - when I am with you
B **C#m7**
And I wander yes I wander - wisely that you choose
G#m7 **C#m**
Everything is beautiful - heaven for a fool
B **C#m7**
And I wander girl I wander - wisely that you choose
