```

D E F#m x2

```
D                                 E
Thought he was the one who could pull you out of love
         F#m
With someone who didn t care, with someone who didn t notice
D     E               F#m
Oooh, next time ll be different

D                        E
How do you expect him to tell you like it is
            F#m
When you re living in the middle of somebody else s buisiness
D  E          F#m     C#m
How can he forget it

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                 A              C#m
to turn back the hands of time

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
```

```
                  D           E
there s nothing I wouldn t do
                  F#m
to leave it all behind

D                   E
Sitting here alone, climbing up the walls
          F#m
I ve been staring at the phone, but nobody was calling
D    E         F#m     C#m
Whoa how did I let it

D                     E
Take over my life and take over my love
          F#m
I ve been walking around in circles like a child that never grows up
D    E           F#m     C#m
Whoa when will I get it

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                 A              C#m
to turn back the hands of time

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                  F#m
to leave it all behind

A5          B5          F#m
Crossing my fingers and crossing the lines
A5             B5         F#m
Do you are too good to be true
A5        B5             F#m
I can see perfectly from the corner of my eye
  A5      B5        F#m
I never belonged to you

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                 A              C#m
```

to turn back the hands of time

```
          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                 A              C#m
to turn back the hands of time

          D        E
Stumbling over you
            A           C#m
cutting the fire in line
                  D           E
there s nothing I wouldn t do
                  F#m
to leave it all behind
```
