```
    G#m            E
The love that you bring
    F#         Eb
You bring me alone
    G#m            E
The pain that you give
F#          Eb
Gives me a home
       G#m               E
Do you wanna stay by my side
       F#                   Eb
Do you want me to turn and hide
       G#m             E
We are disappearing inside
       F#                   Eb
Seeing pictures of our goodbyes

     G#m       E
When we, we believe
         F#            Eb
That our love will survive
     G#m            E
The pain that you bring
   F#               Eb
It brings me all alone
       G#m
Do you love me, do you hate me,
       E
Do you wanna believe me,
       F#
Do you think that you don t need me
       Eb
Do you wanna deceive me
        G#m                                E
I can t think that it s all over, don t wanna forget
        F#                                 Eb
I can t live this disappointment down, I wanna repress your
    G#m
Goodbye...
    E
Goodbye...
      F#                  Eb
The design, we broke the mold
    G#m              E            F#                Eb
The dreams when you see, that goodbyes aren t for long
G#m            E
Please follow me
```

```
       F#                Eb
To the borders of destiny
        G#m                     E
I don t wanna break from your side
            F#                      Eb
The falling ground screams... goodbye
G#m            E
Please follow me
       F#                Eb
To the borders of destiny
        G#m                     E
I don t wanna break from your side
            F#                      Eb
The falling ground screams... goodbye
    G#m
Goodbye...
    E
Goodbye...
      F#                  Eb
The design, we broke the mold
    G#m              E            F#                Eb       G#m
The dreams when you see, that goodbyes aren t for long
