Em     D   C  A
We  re the day birds
Deciding to fly against the sky
Within our dreams, we all wake up
To kiss the ones who are born to die

We  re the greying herds
Hurting each other with our lives
Within our dreams, we all wake up
                         C
To kiss the ones who are born
        D            E7
Born to die, born to die

Em
The drum fish
                 D
They beached themselves in Hara-kiri
C
The blackbirds
             A
They fell in thousands from the sky
Em
Their red wings
          D
Streaming down from the higher seas
C               A
Deflected by the grounds, they crowned the sun

                 G
They crowned the sun
```

```
                 Em
They crowned the sun
        C                  A
But I believe that they are free
                     Em
When their time was done
                        G
They were drowned by the only One
        C                  A
But I believe that they are free
              Em
Washed by the sun

Em
Our statues
            D
The soaring edifice of our times
C                 A
Detracted from the ways of the wise
Em                       D
The future will view all history as a crime
C                 A
So father, tell us when is time to rise

                 G
They crowned the sun
                 Em
They crowned the sun
        C                  A
But I believe that they are free
                     Em
When their time was done
                        G
They were drowned by the only One

But I believe that they are free
