A Day to Remember

This song is an unreleased track by Jeremy McInnon he wrote when he was 17 years old, check it out on youtube if you don't know it. it's the f***** best song i've ever heard!

D Bm G throughout the song!

D Bm

I went to sleep thinking about you

G

And I woke up just the same

D Bm

You made it so hard for me

G

To close my eyes

D

Don't worry babe

Bm G

This will be alright

D

In the end

Bm G

And I'll be your everything

So we'll go tell ourselves

That this is for the best

But I'm depending on you

To lead me through

So try to stop those hands

You're riding down my neck

You touch, I tremble

You never were one to play fair

These past four walls won't be the only thing that's keeping me from you

This distance could never hold this back (I need you)

So let's just take this time and

We'll use its full reflection

And I'll see you in 3 days and

You'll think of me when you're next to him

Don't mind my gasping it's just so much harder to breathe when you're near

You made it so hard for me to learn through my eyes

Don't mind my asking, but could it trouble you miss for a smile?

So grant me one last wish with a kiss

It's what my dreams are made of

So we ll go tell ourselves
That this is for the best
But I m depending on you
To lead me through

So try to stop those hands
You re riding down my neck
You touch, I tremble
You never were one to play fair

These past four walls won t be the only thing thats keeping me from you
This distance could never hold this back (I need you)
So lets just take this time and
We ll use its full reflection
And I ll see you in 3 days and
You ll think of me when you re next to him

So here we are again
In the same situation
I m screaming at the top of my lungs
And you re not saying a word

Did you just say what you mean?
Why can t you just mean what you said
When you said
No one could love you like me

These past four walls won t be the only thing thats keeping me from you
This distance could never hold this back (I need you)
So lets just take this time and
We ll use its full reflection
And I ll see you in 3 days and
You ll think of me when you re next to him

These past four walls won t be the only thing thats keeping me from you
This distance could never hold this back (I need you)
So lets just take this time and
We ll use its full reflection
And I ll see you in 3 days and
You ll think of me when you re next to him
