Missing

MISSING

E
Feeling weak today
C#m
Run the risk of tears
F#m7
Falling down your cheeks
A
From all the lonely years
E
Holding back your love
C#m F#m
While she races up the hill
F#m7
Chase what you dream of
A
But always standing still

CHORUS
E
All in all you see
C#m
Everything is history
F#m7 A
Think of all that youâ€™ve been missing

E
Every now and then
C#m
Shadows bring you back again
F#m7 A
Think of all the things youâ€™re missing

E
Lay the pictures out
C#m
Pull the curtains down
F#m7
Donâ€™t let us see you break
A
Your happiness you fake
E
Sending up a flare
C#m F#m
If anybody really cares

F#m7
To talk a little while
A
The past to reconcile

CHORUS
E
Every now and then
C#m F#m
I can almost picture him
F#m7
And think of all the things
A
Of all the things
A
Of all the things

E A
Well I do, I do
F#m B
Hear the morning creeping in
F#m B
And the spirits sings again
E A
Well you will, you will
F#m B
See the beauty in this moment
F#m B
Every time youâ€™re standing still

E
These times are temporary
C#m F#m
Some day the wind will carry you home
F#m7
And youâ€™ll be free
A
And youâ€™ll be free
E
No one will pull you down
C#m F#m
Youâ€™ll wake up and look around
F#m7
And never again
A
Think of all that youâ€™ve been missing

CHORUS
