Coming Home
Shooter Jennings

Letra y acordes [Verse 1]

```
D                          A                G
Just a grain of this life could break a wild colt
                         A           D
and this highway I ride aint the highway I know
              A                    G
with words as my weapon my soul is torn
                                  A           D
so I fashioned this song for the place I was born
```

[Chorus]

```
          A     Bm        G
Open your heart open your heart
A          D
Iâ€™m coming home
```

[Instumental]

```
D A Bm G A D
```

[Verse 2]

```
D                            A          G
I wear my heart ache like a flag on my back
                            D     A            D
Cause the places Iâ€™ve been there aint no goin back
D                        A             G
As soft as the rain and strong as the storm
G                         A                 D
Darlin lets take it back to the feeling so warm
```

[Chorus]

```
          A      Bm        G
Open your heart, open your heart
Bm        A      Bm        G
Open your heart, Open your heart
A          D
Iâ€™m coming home
```
