The Letter
Shooter Jennings

```
D                   A
I found a letter just yesterday
Bm                            G
And what it say I can t disclose.
D                   A
I read that letter and every word it say
Bm                     G
And my heart it just froze.

CHORUS:
           D                   A
Ain t it a shame, ain t it a shame
           D                     G
Ain t it shame, such a sad, sad shame
                 D
My baby s been runnin  around,
             A
All around this town
             G  F#m Em D  A
With another man.

D                              A
I packed her stuff up, put it out on the front porch
Bm                                 G
When she gets home she ll surely see.
D                                            A
You know it was so hard goin  through our life together,
                   Bm                       G
Figurin  out what belongs to you and what belongs to me

CHORUS:
           D                   A
Ain t it a shame, ain t it a shame
           D                     G
Ain t it shame, such a sad, sad shame
                 D
My baby s been runnin  around,
             A
All around this town
             G  F#m Em D  C#7
With another man.

F#m                       Bm
So many times I ve forgiven her
```

F#m **Bm**
So much time I can never get back
Em **Bm**
I don t wanna know how long it s been goin on
F#m **A**
I just wanna leave this town and never look back
