Verse

```
   C#
Shadow let go
C#
There s something you should know
C#
I just found my new direction
C#
And I hope you like the key
         F#
Like the air that led me to it
          B
She s the wind that sucked me through it
        C#
She s a river and she s turning there in front of me
      C#
Stand back - get back
C#
She ll paint your blue skies black
C#
She gives bullet proof protection
C#
She got a resurrection feel
         F#
When I m scared, and  bout to lose
             B
She gives me travelling shoes
        C#
She s a river and she s turning there in front of me
```

```
         Ebm
```

```
And I go blind
           F#
Wasting my time
                              C#  B
While the rivers in front of me
F#                           C# B F#
That s where I m goin  to be
```

Verse

```
      C#
Shine on, get on
C#
Twilight from dusk to dawn
C#
She s the spirit of creation
C#
She s the last chance guarantee
      F#
Got a myriad of poses
       B
Sweet miracles and roses
        C#
She s a river and she s turning in front of me
```

```
         Ebm
And I go blind
           F#
Wasting my time
                              C#  B
While the rivers in front of me
F#                           C# B F#
That s where I m goin  to be

C# F# C#
```

```
               Ebm
 Cause when I find
            F#
My state of mind
                         C#
The river s in front of me
```

Bridge

```
C#
```

They say that every heaven s got a thousand rooms
C#
So take me on that freedom ride
C#
My heart is like a hunter s in the silent moon
C#
My nerves just feel electrified
F#
Meet me on the staircase
F#
Outside a darkened room
F#
Light me like a naked flame
C#
The voice of Mother Nature states
C#
All things must pass
C#
And nothing can remain
Ebm
They say that every heaven s got a thousand rooms
F# C# B F#
So take me on that freedom ride

C#
You raise me like a building to the very top
B F#
Rush me to the end of time
C#
You fill me full of danger
C#
You give me future shock
B F#
Then you leave me wasted dying

C# F# C#

Ebm
And I go blind
F#
Wasting my time
C#
The river s in front of me
