

## Blow Away

### A Fine Frenzy

(capo 1ª casa)

(verse 1)

**G** **Em**  
One of us is gonna be here and  
**G** **Em**  
One of us is gonna be running  
**G Em G D**  
Off alone into the great unknown  
**G** **Em**  
You re not me, you re a model of freedom  
**G** **Em**  
All you need are your kicks when you need em  
**G Em G D**  
Come and go, caught that slow alright  
**G**  
With one hand off the side  
**D**  
We get farther away in the blink of an eye

(refrão)

**G** **D**  
And it s the time we waste  
**Em G**  
Swallowed into space  
**G D**  
It s the time it takes to blow away  
**C**  
To blow away  
**C**  
To blow away

(verse 2)

**G** **Em**  
Hey, hey you, yeah you gotta be leaving,  
**G** **Em**  
Say what you want, what you say, say anything  
**G Em G D**  
No one knows just how deep it goes  
**G** **Em**  
We are old in your teenaged tyranny  
**G** **Em**  
And all you need is a hunger to feed  
**G Em D**  
I ve got my own secrets though, say what?  
**G**  
With a heart full of mess and lore

**D**

We are doomed but we wanted more

(refrão)

**G** **D**

It s the ride we take

**Em** **G**

The many winged escape

**G** **D** **C**

It s the bough we break to blow away

**C**

To blow away

**C** **G**

And we blow away

One of us is now retreating

You knocked me down so hard I m seeing a thousand stars

Come out where you are

Cause I won t ever be caught crying

And I will not be taken lying down

It blows into smoke

It s the ride we take

The many winged escape

It s the bough we break to blow away

To blow away

And we blow away
