Absent From Flesh
Sojourn

I m 99.9% certain that these chords are correct. Quite frankly, I can t figure out the
actual tab, so I just play these chords. I couldn t find this song on this site, so I
figured I d post it myself. It s my first one, so let s hope it s right!

Capo 2

```
G           Gsus2    Bb        C
Absent from flesh, O blissful thought
     F        C      G
What joy that moment brings
G              Gsus2    Bb        C
Freed from the blame my sin has brought,
     F        C             G-Gsus2
From pain and death and its sting.

G           Gsus2    Bb        C
Absent from flesh, O glorious day!
   F       C          G
In one triumphant stroke
G           Gsus2    Bb        C
My reckoning paid, my charges dropped,
        F               C         G-Gsus2
And the bonds  round my hands are broke.

  F        C       G
I go where God and glory shine,
   F     C     G
To one eternal day
         F       C      G
And this failing body I now resign,
        F      C       G
For the Angels point my way
        F      C       G
For the Angels point my way

G           Gsus2       Bb        C
Absent from flesh! Then rise, my soul,
      F        C           G
Where feet nor wings could climb,
G          Gsus2     Bb        C
Beyond the sky, where planets roll,
      F        C        G
And beyond all keep of time.

  F        C       G

I go where God and glory shine,
   F     C     G
To one eternal day
         F       C      G
