Shelter
Sonicflood

Shelter, performed by Sonicflood

key: **D**
Bb>Intr. **D A Em G** 2x

```
D              A
You never change
                   Em
You stay the same
                   G
You are my hope of glory
D                 A              Em       G
I will never have to be afraid
D                                A                       Em
Through the course of time and all my life
                          G
You ve been my place of shelter
D                       A                     Em  G
Here beneath your love I will remain

Chorus:

Bm        A G
I will sing that
D                   A
You are my refuge
    Em              G
In you alone I place my trust
Bm                  A                     Em   G
Here in the shadow of your wing
D                  A
You are my refuge
       Em                 G
The maker of the stars above
Bm                         A                    Em  G
Still to make your home inside of me
                  D A Em G
You shelter me                (You shelter me)

D                    A
You re the Lord of all
             Em
My mind recalls
                        G
The times that you ve been faithful
D                        A                     Em  G
```

Now I know your love is here to stay
D **A** **Em**
Through the course of time and all my life
G
You ve been my place of shelter
D **A** **Em** **G**
Here beneath your love I will remain
