Skin To Skin
Standfast

```
B                 F#m                       B
So I think we ve said all there is to be said
B                   F#m                     B
All the words keep bouncing around in my head
B            F#m     B
Oh I feel so numb
B                    F#m   B
Please just take me home
B                   F#m                  B
Seems like all the talking it took us nowhere
B            F#m                        B
All I really want is the touch of your hand
B               F#m     B
I won t speak a sound
B              F#m     B
If you take me home
B              E
If you hold me close
```

CHORUS

```
B                      F#m
Words have lost their meaning
B            F#m
Silence is our haven
  E
I love you more
F#m
You and me
B
Skin to skin
F#m          B
So it all begins
```
