Telling Them
Starsailor

I think these chords are right. They are at least good enough to sing the song to.

```
C                   C
We set off that day shaking all the way,

Dm                              C
would your Mother speak to us again.

C                   C
Put away your doubt that won t help us out,

Dm                               C
just be sure to call before you ground.

Dm                       G          Dm    F
The sun shone, the wind cried, so long, goodbye.

C

C                  C
Lay your body down for the here and now,

Dm                                C
just be sure to win before you re out.

C                   C
How you feeling now living with the crown,

Dm                                  C
look at her and say you ve been let down.

Dm                       G          Dm    F
The sun shone, the wind cried, so long, goodnight.
```

(play this section twice)

```
C              Gm                  Bb              C
By the book or by the gun there s fear inside of everyone.
```

C **Gm** **Bb** **C**
Turn your head to face the sun and love will keep you safe.

(musical outro with awesome strings!)

Eb, **Gm**

It simply switches back and forth between C# and Fm. If you want to catch the ensemble
walk-up progression that last time through, play these chords and follow the rhythm of
the bass line:

Fm, Gm, G#, Bb, Cm, C#.....and the last chord of the song is Fm

Enjoy! It s a brilliant song!
