A Fine Frenzy

Red Ribbon Foxes
A Fine Frenzy

This is my first tab on here. I am pretty sure it s accurate- I listened to the song while coming up with this.
It s simple. Only a few basic chords strung together.

On the C chord during the verse, you sometimes put your pinky down where you would
on a G chord where the lyrics go
slightly high on that line and hold it there for a
couple beats until you switch the chord>>> I have it labeled if you need it >.
Intro: **Em G D Am C** x2

Em
There s snow on your collar, boy
G
There s snow on the bench
D
There s snow on the sleeping grave
Am
And the crooked fence

C
And if you ve been crying
C(with pinky)
With my hand on my chest
I swear I ll never tell

Em
The town is aglow with lights
G
The carolers sing
D
You sister won t sleep tonight
Am
For the morning brings
C
That old happy Christmas
C(with pinky)
You came here to find it
I did as well

Em **G**
For joy doesn t come in boxes
D **Am**
Nor peace in a heavy watch

C	Em	G	D
Those red ribbon foxes are not so easy caught			

The son of a holy man
You dream of the saints
So thin with your poet hands
And your eyes of flame

For love doesn't come in boxes
Nor truth in a crowded shop
Those red ribbon foxes are not so easy caught
But the search it never stops

For faith doesn't come in boxes
Nor God in your silver cross
Those red ribbon foxes are not so easy caught
But the search goes on and on
