

!-----8-8-8----8-10>12-12-10-10-8-10-!  
!--10-----10-----!  
!-----!  
!-----!  
!-----!  
!-----!

When the voice comes again, play the intro chords and also scratch the strings for the seagull effect again. Then play the normal verse figure and the chorus, and after the chorus comes the finale:

Play this a couple of times

!--12-12-13-13-12-12-10-10-10-12-13-13-12-12-10-10-10-!  
!-----!  
!-----!  
!-----!  
!-----!  
!-----!

Then this

!--12-12-13-13-12-12-10-10-12-12-13-13-12-12-10-10-!  
!-----!  
!-----!  
!-----!  
!-----!  
!-----!

And then this, with the last chord played like the intro.

!--8-10-10-10-8-10-10>12-12-10-10-8-10-----!  
!-----10--!  
!-----9--!  
!-----7--!  
!-----!  
!-----!

That s it. Enjoy!
