Ice Hockey Hair
Super Furry Animals

Superb song from one of the best British bands ever.
Took a while but it sounds great (if i say so myself)

INTRO

```
e-------------------------------------------------------------------------|
B-12-14 14b15r14-12--12--12---12-14-14b15r14-12--12--12-12h13r12-------|
G------------------14--13----------------------14--12------------------|
D-------------------------------------------------------------------------|
A-------------------------------------------------------------------------|
E-------------------------------------------------------------------------|

e-------------------------------------------------------------------------|
B-12-14 14b15r14-12--12--12---12-14-14b15r14-12--12--------------------|
G------------------14--13----------------------14----12-11-9-7---------|
D-------------------------------------------------------------------------|
A-------------------------------------------------------------------------|
E-------------------------------------------------------------------------|
```

```
E                    E7
She s got ice hockey hair
           C#m                  C
It s instomatic and it has such flair
              E                          E7
And when the puck hits the back of the cage
              C#m                C
She feels the tingle of a quiet rage

G
She thinks it s tasty
Me think it s hasty
A
Take me to a chorus line

B                        E
Tell me what to do if it all falls through
Eb                                  E
Won t you point me a direction I can take my shoes
           B                        E
What did I do to you to make you feel so blue
Eb                              E
I get the impression that we re over due

C#
(I m on the route of madness)
         E                  E7
```

And it s coming straight for you

REPEAT INTRO

```
E            E7
Table tennis rules
            C#m                          C
They re so confusing it s not played by fools
             E                  E7
And with my tank filled to the brim
           C#m           C
You may suggest to me anything

G
Phone me, page me, fax me till I m silly
A
Answer me today

B                         E
Tell me what to do if it all falls through
Eb                                   E
Won t you point me a direction I can take my shoes
           B                        E
What did I do to you to make you feel so blue
Eb                               E
I get the impression that we re over due

          C#
You re my autotoilet  (?....tenuous, but i think that s what he says!)
              E                  E7
Oh won t you tell me something new
```

SLOW BIT

```
G#m             C#m
      Maybe you think I m shady
G#m                     C#m
      But I sing your language baby

B                        E                    F#  F    E
Ba da ba baaa  ba ba da baaa baaaa baa baaa baaaaaaa
```

SOLO

```
e-----------------------------------------------------------------------|
B-----------------------------------------------------------------------|
G-----------------------------------------------------------------------|
D-------------------------------1-1-1-1-------------------------------|
A---------2-2--4-2----2-4-2--4----------4-4-2-4-2---2----2-----------|
E--2-2-2-4---4-----4-------------------------------4---2h4-----------|
```

PLAY SOLO TWICE

```
           B                      E
What did I do to you to make you feel so blue?
Eb                              E
I get the impression that we re over due
           B                      E
What did I do to you to make you feel so blue?
Eb                              E
I get the impression that we re over due
           B
What did I do to you?

DRUM ROLL

B                      E                    Eb
Now that you re here tell me you re a non believer
   E
Oh whoa ho
(Repeat until fade)

*
```
