```
     C#          C#     F#      C#
If I told you tonight that I loved you
C#                    G#              G#
  Would you walk my way, would you say
G#                      G#7
Lies that I wanted to hear?
     C#          C#     F#      C#
If I told you tonight that I need you
C#                    G#                G#
  Would you break my heart, would you start
G#                G#7
Wearing me down again?
          F#     F#         C#    G#
I feel so lonely when I m with you
           F#     F#            C#    C#
And I m so lonely when you re gone
C#              F#        F#               C#   G#
  I can t live with you, can t live without you
                 G#   G#7
But I still hold on

If I told you tonight I was leaving
Would you call my name, take the blame
Turn it all around again?   Cause you know I
C#        C#         F#         C#
Love you, and it s worth the heartache
C#   F#         C#          C#       G#                 G#7
  I curse the heartbreak we make, but I still hold on

I feel so lonely when I m with you
And I m so lonely when you re gone
```

I can t live with you, can t live without you
G# **G#7**
