```
     B          B     E      B
If I told you tonight that I loved you
B                   F#              F#
  Would you walk my way, would you say
F#                     F#7
Lies that I wanted to hear?
     B          B     E      B
If I told you tonight that I need you
B                    F#                F#
  Would you break my heart, would you start
F#                F#7
Wearing me down again?
          E     E         B    F#
I feel so lonely when I m with you
           E     E            B    B
And I m so lonely when you re gone
B              E        E               B   F#
  I can t live with you, can t live without you
                 F#   F#7
But I still hold on

If I told you tonight I was leaving
Would you call my name, take the blame
Turn it all around again?   Cause you know I
B        B         E         B
Love you, and it s worth the heartache
B   E         B          B       F#                 F#7
  I curse the heartbreak we make, but I still hold on

I feel so lonely when I m with you
And I m so lonely when you re gone
```
