Sooner or later the lights up above
E/G#
Will come down in circles and guide me to love
F#m
I don't know what's right for me, I cannot see straight
D
I've been here too long and I don't wanna wait for it
A
Fly like a cannonball straight to my soul
E/G#
Tear me to pieces and make me feel whole
F#m
I'm willing to fight for it, to feel something new
D
To know what it's like to be sharing a space with you

A E/G#
Fall on me with open arms
F#m D
Fall on me from where you are

Millions of particles passing through me
